FOR IMMEDIATE RELEASE

Ryan Herco Flow Solutions Expands to Asia

Burbank, CA - Ryan Herco Flow Solutions (www.rhfs.com) expands to Asia to support key global customers and suppliers. Through a rebranding of the company's founding name, Ryan Herco Asia Pte Ltd will provide strategic fulfillment of goods and services supported by local sales and technical support for its core brand, Ryan Herco Flow Solutions. From our new location in Singapore, Ryan Herco Asia will leverage its existing distribution platform to provide the same level of specialty products, services, and logistics previously only available in North America. As before, Ryan Herco Flow Solutions' export department will continue its role facilitating sales, service and fulfillment for all other International sales.

Ryan Herco enjoys strong brand recognition internationally through the efforts of its Export Division headed up by Export Manager Michael Bowman. Improving market conditions, strong customer demand and an improving economy make this a timely and viable long term opportunity. Ryan Herco Flow Solutions President David Patterson was quoted as saying, "We view this as a tremendous opportunity to broaden our global interests and further advance our presence as a multi-national company."
